Top Computer Science Conferences

+ ADD CONFERENCE

The top conferences ranking for computer science was developed by Research.com, one of the prominent portals for computer science research offering reliable data on scientific contributions since 2014.

The ranking contains h-index, and Impact Score values gathered on November 10th 2020. It was based on a meticulous analysis of more than 1000 conference profiles and websites. [Show more](#)

- To conduct and report a detailed, original research study. It presents the authors unique investigation of a specific research question.
- It is based on original research that has been conducted by the paper's authors. This is known as primary literature.
- The authors formulate a research question, collect data, and conduct an original study.
- It reports each step of the study in detail. This includes an abstract, motivation, research question, methodology, results, discussions, contributions, and suggestions for further research. *step តាមរយៈ*
- Word count varies. Usually ranges between 3,000–6,000 words. Some journals allows up to 12,000 words.

- To critically analyze previously published literature on a specific topic. *Survey សម្រាប់ការសួរពីជាពេលវេលា*
- It is based on existing published articles. It does not report any original research. This is known as secondary literature. *ផែនទី*
- The authors select a specific topic and then summarize existing literatures on that topic to present an overview of the topic's current state of understanding. *តើអ្នករាយការស្ថុភាពរបៀបដឹង*
- It identifies and reports commonalities between the results of the chosen studies. If there are discrepancies then the authors try to provide reasons for conflicting results. They also report problems and analyze gaps.
- Word limit usually ranges between 3,000–5,000 words

Article
Using complex algorithms and data from the Web of Science and Journal Citation Reports, Manuscript Matcher identifies the most relevant and impactful journals to which we may wish to submit our manuscript.

We can access Manuscript Matcher in the following ways:

In EndNote X9 & EndNote 20, with a Group highlighted in My Library, select Manuscript Matcher from the Groups menu.

In EndNote X9 & EndNote 20, right-click on a Group in My Library and select Manuscript Matcher.

In Microsoft Word, from within a manuscript, click on Manuscript Matcher in the EndNote Cite While You Write toolbar.
